Community News Page – December

The Community Council
David, Abigail, John, Shân, Darren,
David M.J, Huw, Jennifer & Victoria
would like to wish you all
A Very Happy Christmas &
Our Best Wishes For 2027

There is no community council meeting in December. Our next meeting, in the small hall, will be on Monday 11th January at 1930.

Flooding

A reminder of those numbers which hopefully we will not need again this winter! They can also be found on our Community Council Facebook page. To report flooding on a Highway call 01446 700111
Natural Resources Wales can be contacted on 0345 9881188.
If your property is already flooding, contact the Fire Service on 999.
A ruptured water main should be reported to 0800 085 3968.

Railway Bridge & Closure of the Railway Crossing

We have had a response from Network Rail with regard to the cleaning & re painting of the bridge. They have stated that they do not have the funding available to paint the bridge for aesthetic purposes, but that their structures team would be open to working alongside their asset protection team who could help with the safe working & arrangements should the council wish to paint the bridge. They have also informed us that this bridge is due to be renewed in the future, but at present they cannot give us a date as all the bridges to be renewed are prioritised based on risk.
No further information has been received re the closure of the railway crossing to pedestrians. We will continue to follow up on both of these matters.

Village Shop

As of going to print, the Post Office counter in the village shop is currently closed. The shop itself is open from 0900-1300 on weekdays. We encourage everyone to continue supporting our village shop as even small purchases can make a real difference & help ensure that this important community facility remains part of village life. Our thoughts are with Jo & Christine.

Get Well Wishes

We are sure you would all like to pass on your very best wishes to Father Martyn. We wish you a speedy recovery & hope you will be back to full health very soon.

In Brief

Last month gravel was added to the path at the entrance to the Memorial Field. It was also edged & tidied, helping to keep the Memorial Field a welcoming space for everyone in our community.

A new cross ropes section will be added to the Trim Trail, in the play area, in mid November to replace the one that was removed for health & safety reasons earlier this year.

Kevyn, the village handyman, will be working in the village, usually on a Thursday morning, working through a list of jobs & maintenance tasks following a tour of the village to assess the work required.

The public footpath in Lanlay has been reopened & the original bridge has been reinstated after the flooding. It is intended that a new bridge will be installed next spring, allowing sufficient time to obtain the necessary permissions for the construction of the required abutments.

The riverside project has had approximately 200 tree saplings planted by the riverside rescue team. The trees were donated to the community council by the Woodland Trust.

FURTHER COUNCIL INFORMATION CAN ALSO BE FOUND ON www.peterstonsuperely-cc.gov.uk OR ON OUR FACEBOOK PAGE
